Fort Loudoun Governors Firelock Match

The Governors Firelock match competition is open to any reenacting units depicting a military unit from the 1730s through 1790.

Units wishing to compete must be pre-registered no later than May 15th, 2020 for this firelock shooting event to be held Saturday afternoon June 27th 2020 at the Fort Loudoun Market Fair.

Units that register to compete must be willing to set up their camp in the designated Firelock Match Camp area. This camp area will be separate from the regular Market camp. **Each unit's camp will be judged for accuracy related to their particular time period as well as the appearance of all persons within that camp.**

For the purpose of fairness in this competition, each unit is to select six persons under arms to represent that unit in the shooting and marching portions of this event. The same six persons along with their respective commanding officer will compete and represent their unit on the range.

Additional competition for participating units will consist of different shooting matches involving both flintlock smoothbore and rifle guns. These shooting matches will consist of novelty targets, board shoots, metal silhouettes and more. Both individual firing and volley fire will take place within these shooting matches.

Units that participate will be expected to load solely from a period shot pouch and powder horn with measurer, for all rifle matches and by loading pre-rolled paper cartridges (consisting of a single round ball) from a cartridge box or pouch for all smoothbore matches.

Each unit under the command of their respective officer, will be required to exercise their abilities in marching and firing of volleys (FOR SCORE) on the range.

All units will receive a TOTAL SCORE at the end of the day's competition. This is an aggregate score from the shooting matches, camp score and a score for the marching and volley fire portion of the event.

The Governors Cup will be awarded to the winning unit at the end of the day's competition.

For all other unit members and individual campers who wish to shoot, there will be separate flintlock rifle and smoothbore matches with prizes. Half ball rule applies to all matches and the range officers' word is final.

Please arrive early to sign a form required to participate in this activity.

We will be abiding by the safety standards and range rules of the National Muzzle Loading Rifle Association. You are responsible for reviewing and understanding the "Range Safety" and "Range Rules and Regulations" sections within document: <https://nmlra.membershipsoftware.org/files/NMLRA-Rules-Regulations-2015-website.pdf>
